AEG's Future as a Listed Entity Under Review

On 16 February 2022, AEG provided a shareholder update stating that a consultation process, including the appointment of legal counsel, has commenced and all practical options are being considered with respect to the future of the Company. This process is a result of a consortium of shareholders seeking input on the continuation of AEG as a listed entity. The Company has stated that the process may result in a return of capital if approved by shareholders. AEG postponed its decision on the declaration of an interim dividend until the Board completes the consultation and review process.

AMH SPP & Interim Dividend Declared

On 1 February 2022, AMH issued documentation for the Share Purchase Plan announced on 25 January 2022. Shareholders will be able to invest up to \$30,000 under the SPP. The SPP issue price will be the lower of \$1.26 per share or a 2.5% discount to the VWAP of AMH shares over the 5 trading days up to and including the day of the close of the Offer. Therefore, the maximum issue price of shares under the SPP will be \$1.26 per share. AMH was trading at \$1.175 per share at 25 February 2022.

AMH declared an interim dividend of 1cps for FY22. This comes after the Board changed the approach to determining dividends in 2021. Dividends were previously a result of the Company paying out all available franking credits. This approach resulted not only in dividend fluctuations but constrained the capital growth of the portfolio. Dividends will now be determined based on the amount of income and realised capital gains received, available franking credits and market conditions. This may mean not all franking credits are distributed, however, is expected to reduce dividend volatility and provides the potential to increase the dividend from annual to semi-annual. The new policy was highlighted with the Company declaring a 1cps interim dividend for FY'22, only the second interim dividend declared in the last 10 financial years.

Hamish Douglass Takes Leave from Magellan

As has been well publicised, there have been a few shock departures from Magellan in recent months. The CEO, Brett Cairns, departed in December 2020 and the Chairman and CIO of Magellan, Hamish Douglass, took indefinite medical leave in February 2022. Chris Mackay was promptly appointed to oversee the portfolio management of Magellan's global equity retail funds and global equity institutional mandates. Mr. Mackay has a long association with Magellan, being Magellan's inaugural Chairman and CIO from 2006 to 2012. Mr. Mackay is currently the Managing Director and Portfolio Manager of MFF Capital Investments Limited (ASX: MFF).

Magellan also advises that Ms. Nikki Thomas has re-joined Magellan as a co-portfolio manager of Magellan's global equity strategies. Ms. Thomas originally joined Magellan in January 2007 and was involved in the global equity strategy since its inception in July 2007 until December 2017. The appointments provide a level of continuity of the strategy given both these appointments know and helped evolve the global equity strategy.

MOT Looking to Raise up to \$150m through Entitlement Offer

MOT announced a pro-rata 1-for-3 Non-Renounceable Entitlement Offer of new fully paid ordinary units in MOT to eligible unitholders to raise up to \$150m, including an oversubscription facility available to eligible unitholders. Any new units not taken up by eligible unitholders under the Offer will be offered to certain Wholesale

investors as part of the Shortfall Offer. Up to 70.43m new units will be issued at a price of \$2.12 per unit, the NAV of the Trust at the time of the Offer and a 3.2% discount to the unit price at the close of the business day prior to the announcement. The capital raised will be used to provide MOT with additional scale to invest in a pipeline of investment opportunities identified by the Manager.

The Offer closed on 25 February 2022. New units are expected to commence trading on a normal settlement basis on 3 March 2022. If the Offer is fully subscribed, the units on issue will increase from 211.28m to 281.71m.

VGI Partners and Regal Funds Management Sign Merger Term Sheet

On 31 January 2022, VGI Partners Limited (ASX: VGI) announced that it has entered into an exclusive and non-binding term sheet with Regal Funds Management Pty Limited ("Regal") for the merger to the two managers. The merger would create an alternative investment strategy manager with FUM of in excess of \$6b. The merger, which is subject to shareholder approval and for which a definitive agreement is yet to be entered into, would involve VGI acquiring 100% of Regal in consideration for the issue of new VGI shares. The anticipated shareholding of the merged entity at completion of the merger (after adjusting for cash, liquid assets and other investments), is approximately 60% Regal shareholders and 40% VGI shareholders. It is anticipated that VGI would be renamed post the completion of the merger. VGI has granted Regal a period of six weeks of exclusivity on customary binding terms which include no shop, no talk, and no due diligence restrictions, and an obligation for VGI to notify Regal if it receives a competing offer.

VGI is the manager for VGI Partners Global Investments Limited (ASX: VG1) and VGI Partners Asian Investments Limited (ASX: VG8) and Regal is the manager for Regal Investment Fund (ASX: RF1). At this stage there appears to be no intention for any changes to the underlying investment strategies of these vehicles.

While the details are yet to be finalised, conceptually we view the merger to be a positive, particularly for VGI, with the ability to leverage off Regal's marketing and distribution platform in addition to the additional expertise provided by the combined investment teams.

WAM Mopping Up Smaller LICs

WAM is taking the opportunity to acquire the assets of LICs at the smaller end of the scale from a market cap perspective and trading at discounts to pre-tax NTA. In December 2021, WAM announced they had entered into a Scheme of Arrangement with WIC and OZG to acquire 100% of the shares not owned by WAM. Under the Scheme, WIC and OZG shareholders will receive WAM shares, the number of which will be determined by a formula based on the ratio of the WAM's share price to the NTA of WIC and OZG before tax. The calculation date for the exchange ratio is scheduled for 31 March 2022 with the Scheme meeting scheduled for 4 April 2022. In January 2022, WAM increased its Offer Consideration for PAF. After the proposed scheme for PGF to merge with PAF was unsuccessful in late 2021, PAF's board recommended shareholders accept the WAM Offer. On 14 February 2022, WAM announced it had succeeded with the unconditional off-market takeover bid for PAF with acceptances exceeding 90%.

Keybridge Capital Limited (ASX: KBC) Announces Proposed Takeover Bid for WAM Active Limited (ASX: WAA)

Keybridge Capital Limited ("Keybridge") has announced its intention to make an off-market takeover bid for WAA for an all scrip consideration of 1.16 x \$1.00 Keybridge convertible redeemable promissory notes (CRPN) for each WAA share. This equates to a value of \$1.16 per WAA share, an 8.4% premium to the share price at the COB on the day of the announcement (7 February 2021) and a 13.6% premium to the most recently released post-tax NTA. The Offer values WAA at \$85.6m, currently a market cap of \$79.0m. The Offer is subject to Keybridge shareholder approval.

Keybridge have outlined the following key terms for the CRPN:

- ◆ Face value of \$1.00.
- ◆ Maturity Date of 10 years from the issue date.
- ◆ Will be categorised as an equity instrument for tax purposes.
- ◆ A gross running yield of 2.0% p.a., fully franked. The CRPN will pay a fully franked dividend of 1.4 cents per note, paid annually.
- ◆ A dividend stopper on Keybridge ordinary shares if a CRPN interest payment remains outstanding.
- ◆ Upon maturity, the CRPN may be redeemed for the face value in cash or converted into Keybridge ordinary shares at a 5% discount to the VWAP.
- ◆ The Keybridge CRPN is intended to be ASX-listed.

There is a bit of history with regards to Keybridge and WAA. In 2020, WAA made a takeover bid for Keybridge which was unsuccessful. The two parties also went to court regarding the block of shares held by WAA, in which costs were awarded against Keybridge. In the event Keybridge obtains control of WAA, it intends to dispose of WAA's shares in Keybridge within 12-months. WAA and associated entities of the Wilson Asset Management Group hold a 44.5% interest in Keybridge.

Further details regarding the Offer and considerations for WAA shareholders can be viewed at the following link: <https://independentresearch.com.au/keybridge-capital-limited-asx-kbc-announces-proposed-takeover-bid-for-wam-active-limited-asx-waa/>.

Dividends/Distributions Declared/Paid for 1H'FY22

Reporting season for the 1H'FY22 has now come to an end. Below we take a look at the dividends that were declared or paid during the 1H'FY22 and the change on the pcp. For completeness we have also included the distributions paid over the 1H'FY22 for the fixed income LITs. There were a number of uplifts in interim dividends declared and dividends paid for the period. After reducing the interim dividend in FY21 on the back of reduced income from investments, BKI increased its interim dividend to 3.5cps (not including the 0.5cps special dividend), a 75% increase on the pcp. Ex the special dividend, this is very close to the interim dividend levels in FY20. After a prolonged period of declining dividends, DJW declared an uplift of 28.6% to 6.8cps. While still significantly below the previous highs, the uplift is positive news for shareholders.

AMH's interim dividend was of note, given it was only the second interim dividend declared in the last 10 financial years and is the first dividend paid since the Board revised the dividend payment policy, as discussed above.

There were a number of LICs/LITs that increased their interim dividends by 100% or more, including CDM, PGF, FPP, VG1, LSF and RF1. We note that RF1 is a LIT and therefore distributions will be dependent on the realised capital gains and income earned during any given period. VG1 and LSF posted the greatest uplifts with a 200% and 166% increase in the interim dividends, respectively. LSF has significant dividend coverage based on the profits reserve at 31 December 2021.

There were a number of LICs/LITs that paid their inaugural interim dividend, including CDO, which paid a fully franked dividend of 7.5cps after only listing in November 2021. Upon listing the Company had an existing profits reserve and franking credit balance which has allowed the Company to declare a dividend so soon after listing.

1. Dividends paid in 1H'FY22.

2. Interim Dividend paid in November. WHF has a March year end.

3. Distributions paid annually.

4. Final dividend. FGX has a December year-end.

5. First interim dividend paid.

6. Moved to quarterly dividends in FY22.

7. First inter dividend.

8. Final dividend. FGG has a December year-end. The company is moving from annual to semi-annual dividend.

9. Company moved to quarterly dividends in FY21. Dividend represents the December quarter dividends paid and the September quarter dividend that would have been paid if quarterly dividends had been paid for the quarter.

10. Reflects full year dividend that went ex in November 2021. Company has September year-end.

11. Acquired by WAM.

12. Decision on interim dividend postponed until review has been complete.

Active ETFs

About Active ETFs

Active ETFs are a type of exchange traded product (ETP) traded on the ASX and Chi-X (CBOE). While traditional exchange traded funds (ETFs) adopt passive strategies that synthetically track the performance of an index or other benchmark. Active ETFs are actively managed funds. The legal structure is the same as a traditional managed fund, but the units can be bought and sold on the ASX just like shares. Unlike listed investment companies, Active ETFs are open-ended with a market maker. This ensures the units trade close to net asset value. The manager issues new units as required to meet market demand.

WHO IS IIR?

Independent Investment Research, "IIR", is an independent investment research house based in Australia and the United States. IIR specialises in the analysis of high quality commissioned research for Brokers, Family Offices and Fund Managers. IIR distributes its research in Asia, United States and the Americas. IIR does not participate in any corporate or capital raising activity and therefore it does not have any inherent bias that may result from research that is linked to any corporate/ capital raising activity.

IIR was established in 2004 under Aegis Equities Research Group of companies to provide investment research to a select group of retail and wholesale clients. Since March 2010, IIR (the Aegis Equities business was sold to Morningstar) has operated independently from Aegis by former Aegis senior executives/shareholders to provide clients with unparalleled research that covers listed and unlisted managed investments, listed companies, structured products, and IPOs.

IIR takes great pride in the quality and independence of our analysis, underpinned by high caliber staff and a transparent, proven and rigorous research methodology.

INDEPENDENCE OF RESEARCH ANALYSTS

Research analysts are not directly supervised by personnel from other areas of the Firm whose interests or functions may conflict with those of the research analysts. The evaluation and appraisal of research analysts for purposes of career advancement, remuneration and promotion is structured so that non-research personnel do not exert inappropriate influence over analysts.

Supervision and reporting lines: Analysts who publish research reports are supervised by, and report to, Research Management. Research analysts do not report to, and are not supervised by, any sales personnel nor do they have dealings with Sales personnel

Evaluation and remuneration: The remuneration of research analysts is determined on the basis of a number of factors, including quality, accuracy and value of research, productivity, experience, individual reputation, and evaluations by investor clients.

INDEPENDENCE – ACTIVITIES OF ANALYSTS

IIR restricts research analysts from performing roles that could prejudice, or appear to prejudice, the independence of their research.

Pitches: Research analysts are not permitted to participate in sales pitches for corporate mandates on behalf of a Broker and are not permitted to prepare or review materials for those pitches. Pitch materials by investor clients may not contain the promise of research coverage by IIR.

No promotion of issuers' transactions: Research analysts may not be involved in promotional or marketing activities of an issuer of a relevant investment that would reasonably be construed as representing the issuer. For this reason, analysts are not permitted to attend "road show" presentations by issuers that are corporate clients of the Firm relating to offerings of securities or any other investment banking transaction from that our clients may undertake from time to time. Analysts may, however, observe road shows remotely, without asking questions, by video link or telephone in order to help ensure that they have access to the same information as their investor clients.

Widely-attended conferences: Analysts are permitted to attend and speak at widely-attended conferences at which our firm has been invited to present our views. These widely-attended conferences may include investor presentations by corporate clients of the Firm.

Other permitted activities: Analysts may be consulted by Firm sales personnel on matters such as market and industry trends, conditions and developments and the structuring, pricing and expected market reception of securities offerings or other market operations. Analysts may also carry out preliminary due diligence and vetting of issuers that may be prospective research clients of ours.

INDUCEMENTS AND INAPPROPRIATE INFLUENCES

IIR prohibits research analysts from soliciting or receiving any inducement in respect of their publication of research and restricts certain communications between research analysts and personnel from other business areas within the Firm including management, which might be perceived to result in inappropriate influence on analysts' views.

Remuneration and other benefits: IIR procedures prohibit analysts from accepting any remuneration or other benefit from an issuer or any other party in respect of the publication of research and from offering or accepting any inducement (including the selective disclosure by an issuer of material information not generally available) for the publication of favourable research. These restrictions do not preclude the acceptance of reasonable hospitality in accordance with the Firm's general policies on entertainment, gifts and corporate hospitality.

DISCLAIMER

This publication has been prepared by Independent Investment Research (Aust) Pty Limited trading as Independent Investment Research ("IIR") (ABN 11 152 172 079), an corporate authorised representative of Australian Financial Services Licensee (AFSL no. 410381). IIR has been commissioned to prepare this independent research report (the "Report") and will receive fees for its preparation. Each company specified in the Report (the "Participants") has provided IIR with information about its current activities. While the information contained in this publication has been prepared with all reasonable care from sources that IIR believes are reliable, no responsibility or liability is accepted by IIR for any errors, omissions or misstatements however caused. In the event that updated or additional information is issued by the "Participants", subsequent to this publication, IIR is under no obligation to provide further research unless commissioned to do so. Any opinions, forecasts or recommendations reflects the judgment and assumptions of IIR as at the date of publication and may change without notice. IIR and each Participant in the Report, their officers, agents and employees exclude all liability whatsoever, in negligence or otherwise, for any loss or damage relating to this document to the full extent permitted by law. This publication is not and should not be construed as, an offer to sell or the solicitation of an offer to purchase or subscribe for any investment. Any opinion contained in the Report is unsolicited general information only. Neither IIR nor the Participants are aware that any recipient intends to rely on this Report or of the manner in which a recipient intends to use it. In preparing our information, it is not possible to take into consideration the investment objectives, financial situation or particular needs of any individual recipient. Investors should obtain individual financial advice from their investment advisor to determine whether opinions or recommendations (if any) contained in this publication are appropriate to their investment objectives, financial situation or particular needs before acting on such opinions or recommendations. This report is intended for the residents of Australia. It is not intended for any person(s) who is resident of any other country. This document does not constitute an offer of services in jurisdictions where IIR or its affiliates do not have the necessary licenses. IIR and/or the Participant, their officers, employees or its related bodies corporate may, from time to time hold positions in any securities included in this Report and may buy or sell such securities or engage in other transactions involving such securities. IIR and the Participant, their directors and associates declare that from time to time they may hold interests in and/or earn brokerage, fees or other benefits from the securities mentioned in this publication.

IIR, its officers, employees and its related bodies corporate have not and will not receive, whether directly or indirectly, any commission, fee, benefit or advantage, whether pecuniary or otherwise in connection with making any statements and/or recommendation (if any), contained in this Report. IIR discloses that from time to time it or its officers, employees and related bodies corporate may have an interest in the securities, directly or indirectly, which are the subject of these statements and/or recommendations (if any) and may buy or sell securities in the companies mentioned in this publication; may affect transactions which may not be consistent with the statements and/or recommendations (if any) in this publication; may have directorships in the companies mentioned in this publication; and/or may perform paid services for the companies that are the subject of such statements and/or recommendations (if any).

However, under no circumstances has IIR been influenced, either directly or indirectly, in making any statements and/or recommendations (if any) contained in this Report. The information contained in this publication must be read in conjunction with the Legal Notice that can be located at <http://www.independentresearch.com.au/Public/Disclaimer.aspx>.
